

Bill of Rights For Research Participants

You have a right to information about:

- Why the research study is being done
- What will happen during the research study
- Whether any study procedures, drugs, or devices are different from standard medical care
- The risks, side effects, and discomforts from taking part in the study
- The possible benefits from taking part in the study
- Other treatment choices and their risks and benefits
- Medical treatment in case of complications

You also have the right to:

- Decide not to take part in the study, or decide to drop out, at any time. Your decision will not affect your right to the usual care not related to the study
- Decide whether to take part without any pressure
- Ask questions at any time
- Receive a copy of the consent form
